ETF Skills Lab Network of Experts

Connecting regional labour market expertise

9 November 2026 - 10:00-12:00 CET

European Network on Regional Labour Market Monitoring

Dear colleague,

We are happy to announce our second online peer learning session of 2026. The event will be hosted by the **European Network on Regional Labour Market Monitoring** (EN RLMM).

The EN RLMM is a long-standing European community bringing together researchers, policy makers, practitioners and labour market observatories interested in understanding how labour market dynamics unfold at the regional and local level.

This online peer learning session will give Skills Lab members an exclusive look into the inner workings of the EN RLMM: its operational frameworks, analytical tools, and conceptual understanding of regional labour market monitoring.

To find out more, have a look at the agenda.

To join the peer learning session, simply **register** by clicking on the button below.

Kind regards,

The ETF Skills Lab Network of Experts team
